Council Chairman, Gary Nose, called the meeting to order at 8:00 A.M. with all members present. Leon Ridenour shared a prayer, and minutes of the 9/9 and 9/19 meetings were approved as written, moved by Richard Pepple, second by Eugene Schenkel, and passed. Council discussed finances and learned the County General fund balance is \$241,334.58. The county borrowed \$625,000. from Local Road and Street, and it will be repaid by the end of the year. The Auditor met with the Dept. of Local Government Finance on 10/10, and they approved an excess levy of \$238,127.00. Written approval should arrive shortly. Council will review information about eliminating the inventory tax at their 12/2 meeting They want a breakdown of inventory taxes collected and distributed by township, and a breakdown of projected CEDIT taxes for each receiving unit from WEDCOR director, Chris Martin. Sheriff, Tim Roberts, and Merit Board members, Chris Palmer and Bob Fuller asked Council to amend the pension plan to increase payments to widows of active employees and dependant children up to 18 years of age. Since the plan's inception in 1972, widowed spouses have received \$250. per month, and each dependant child gets \$30. per month. The board would like the monthly payments increased to \$500. for widows and \$100. per child 18 years and under. These benefits cease if the widowed party marries. Those currently receiving benefits would receive the increase, and Tim would like this changed during his tenure. Pension funds are generated by civil process fees, which brought in \$64,956. in 2001. Rich moved to approve the increase, second by Gene, and passed by all. Gary signed the pension plan amendment. Commissioner, Lester Templin reported the E-911 Advisory Board met in October, and voted to supplement the wages of two radio dispatch employees each, for the Town of North Manchester, City of Wabash, and county dispatchers at the Sheriff department, at \$30,000. each, per year. In addition, 911 funds will pay \$30,000. for the 911 coordinator. Council had moved wages for the coordinator and dispatchers at the jail, into the 911 fund for 2003, with plans to increase the monthly access fee per line from \$.80 to \$2.00. Leon questioned if the amount increased should be changed since 4 of those benefitted aren't county employees. Joann Rauh moved to approve Amended Ordinance 1990-II increasing the monthly fee to \$2.00, second by Ted Little, and passed with Gary and Leon voting nay. Some Council members think the Prosecutor's office should be relocated before the new year, suggesting the third floor of the courthouse. Ted thinks it's a priority, Joann and Commissioner, Brian Haupert, think moving Probation is more urgent. Les notes vacating the Probation building would save money. Council suggested a new contract for Prosecutor space on a month to month basis. Commissioners assume fees would increase with a new contract, and support continuing with the current contract for another year. Brian reminds the Memorial Hall heating system has been condemned by the state, and has been removed. The new Courthouse /Judicial building HVAC system will be connected to Memorial Hall, an unexpected expense. Ted again suggested selling a portion of the Co. Farm, and using the income for capital improvements. Paul Sites wants a report on how many tax exempt properties in the county exceed 15 acres, as exempt ground exceeding 15 acres may be taxed. Co. Assessor, Kelly Schenkel will check. After addressing additional appropriation and transfer requests, Paul moved to adjourn, second by Joann, and passed.
